

HOW IT WORKS

DISCOVERY CALL

During our call we'll get to know each other and decide on the the type of support best suited to your needs.

SIGN YOUR AGREEMENT

We will send over your agreement outlining all the details of our support service, and the terms and conditions for signature.

ARRANGE HOW YOU WANT TO BE CONTACTED

Once you are onboarded we will arrange your calls. Once your slots have been agreed our support team member will send over calendar invitations for your calls.

DECIDE ON THE TIMELINE OF SUPPORT

We can do one-off sessions, ongoing and for set time periods. We are here to support you, in the way that you need, for the time that you need.

ADDITIONAL SUPPORT

With the help of our support team member we will identify whether or not additional support is needed in terms of legal advice, counselling, or contact with your NGB.
